IN DEDICATION TO MISS JAN AGARD

Jan Agard was born in Muskegon Michigan on July 2, 1946. She attended Reeths Puffer High School and graduated in 1964. She went on to Muskegon Community College and then to Western Michigan University to finish out her education. She began her teaching career at Orchard View High School, a job which lasted 19 years before she moved on to become an English Composition Instructor at Muskegon Community College, which is now her present occupation.

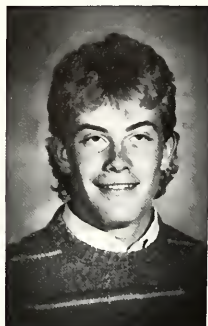

We asked Miss Agard if she would like to make a few comments for us, she told us that "It doesn't matter where you teach, it's the teaching that matters." and also that, "Teaching is sharing a part of yourself with someone else, when this happens it is really nice."

We also asked Miss Agard's students to make a few comments and this is what we got — "Miss Agard was always smiling and having a good time. She made learning fun." "Miss Agard was a different sort of teacher. She actually kept the kids interested in doing homework. She never had to demand or force." "Miss Agard was the most energetic and fun teacher I have ever had. I think she would be a perfect president for the U.S." "I don't think I've known anyone with such a positive attitude all the time. She was always smiling, laughing, of making dumb puns. But, I have to admit that she usually brightened up the mornings of some of the sleepy and grumpy people in first hour."

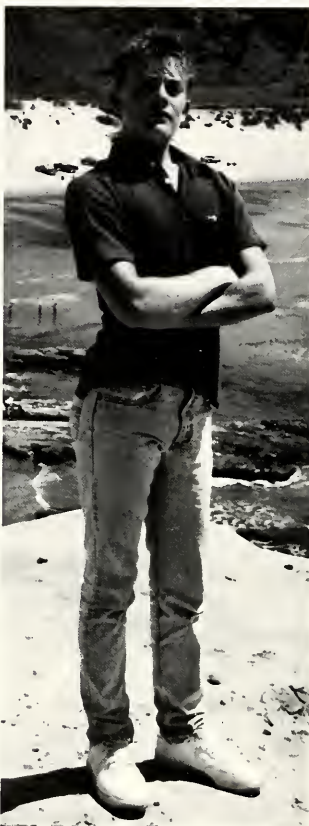

"Miss Agard was my favorite teacher throughout high school. She always had a bright smile and a joke for you any time. Even if you were in a bad mood, she could bring you out of it. Miss Agard is missed very much by everyone." "Miss Agard was a great teacher, she wanted us to learn, and genuinely cared about all her students. Our school has lost a great and caring person. She will be remembered by all of us."

IN MEMORY OF D.J. RYLOTT

You made me happy
When I was down,
You made me smile
When all I had was a frown.
There was no one like you
You were your own kind,
Now that your gone
You've been on my mind,
You were a clown
Which I will never forget,
You slam dancing on the floor
Calling everyone a booget.
You were a trendsetter
That was your way,
You were the one and only D.J.

T. Cronister

David "D.J." Rylott
Birth: Sept. 26, 1970
Death: March 22, 1987

**Activities: golf
basketball, &
baseball.**

After D.J. dying
Everyone was so sad,
People all over were crying
Some people were even mad.
D.J. didn't want to hurt us
He just didn't know what to do,
No one is for sure what happened
And I guess we'll never know what is true.
Some say this is something he couldn't do,
No matter what has happened to him
All we can do is pray.
We need to try to remember,
All the good times from the past.
This has hurt so many
Yet brought so many closer,
Someday the hurt will go away,
but the memory will always last.
So if we are smart
We'll just let it be.
There must be a reason,
So we must try to forget the pain
And just let it be!

HIGH SCHOOL ADMINISTRATION

Dear Graduates:

By the time you read this you will have graduated and have become part of Orchard View's long and rich history. You will always be special because you were the 25th graduating class of Orchard View High School. Orchard View takes great pride in the education it has provided its approximately 5,125 graduates. We have tried to provide you with the knowledge, skills, moral and physical background, and overall positive attitude needed in future life. It is our hope that you have an adequate foundation for whatever life may bring.

You are now experiencing a new phase of your life and I, with many others, wish you the best in all future endeavors. It is also my hope that through your example the underclassmen recognize, as you did, the importance of a high school diploma.

Again, best wishes and God bless each and everyone of you.

Richard Brothers
Principal

Dear Students,

The 1986-87 school year has come and gone in a flurry of activity. Due to the effort of you, the students, much has been accomplished here at Orchard View. More and more of you have become actively involved in school life.

Involvement is key to the growth and development of Orchard View High School. In my five years as assistant principal, students and staff alike have become more involved in the functions of the school. Involvement in athletics, student council, honor society, close up, curriculum council and a host of other functions has created a more positive attitude here at Orchard View. This positive attitude has caused the school to run in a more efficient and effective manner. With continued effort, this trend to be involved and be active will continue to grow at Orchard View. Hopefully, graduating seniors will take with them the need and desire to be involved and will be active in the community in which they live. Orchard View is indeed living up to its motto of "Looking Good and Getting Better."

Whether you are continuing on here at O.V. or moving on to other ventures, my wish for you is to be involved in life. I wish you to take an active role in the matters that concern you. I wish you to make an impact on the world in which you live. Life is so much more enjoyable if you live it to the fullest and you can do that by being involved.

Best wishes to all,

Richard J. Nolan
Assistant Principal

EXCHANGE STUDENTS

Holger Meyer is from Germany. He was in football, wrestling, and track. His first impression of the U.S. was that people drive slow. Holger says he loves this country but misses his own country and friends so he wouldn't want to stay, but *Watch Out* he's coming back!

Malene Jacobson from Denmark says, "When I was in the airplane I saw a lot of pools. In Denmark we don't have pools." She likes playing softball, and she thinks it's fun staying after school doing things, because in Denmark everybody just goes straight home. Malene likes it here, but at home she has different hours everyday, here it's just the same old thing everyday. She loves it here and has made a lot of friends, but she can't wait to see her old friends.

Govert Gribbling is from the Netherlands. Govert was in the symphonic and marching bands, the cross country team, and the track team. He told us he couldn't believe he was really here, and that he had to pinch himself to see if it was real. He is having a great time here and he'll miss it all when he's gone, but he is here now and having a great time — that's all that matters.

HOMECOMING 1986

For Just A Moment

Even though we lost the game against The Muskegon Heights Tigers 20 to 12, our guys worked hard throughout the entire game. October 10 was a cold night and besides having goose bumps from the weather, we also had them from the excitement of the evening! The ceremonies began immediately following the game and soon to be crowned King and Queen were Adam Way and Shelley Mixer.

Coach Shillito says, "We were very pleased with the character this team showed in coming back to win its last 3 games. It was a team that would not give up and this school can be very proud of them. Senior leadership was provided by captains Adam Way, Barry Bialik, and John Russell. The highlight of the season came with an exciting 36-37 win in the final home game against Fremont. The effort was keyed by 282 rushing yards and three touchdowns from Troy Summerfield.

"After a slow start this year's J.V. Football team won six of the last seven games. The team had to overcome many obstacles to be the success it was. By the end of the season we lost eight players due to injuries, leaving only sixteen players for the last game. The combination of the desire to win and working very hard is what made the team be a winner. I would like to wish the team the best of luck for their last two years at O.V.," stated coach Sharnowski.

The 1986 Lady Cardinal Varsity Team finished with a fine 18-5 overall record. This was the best win-loss record in the Western Michigan area. In all of the losses the "Cards" were very close — losing 3 games in the final 30 seconds and 1 in overtime. As a group they were competitive and talented. Their youth should pay dividends in the years to come and keep the O.V.G.B. program #1 in the hearts of their fans.

Our team had a fun and learning year. This group of girls were inexperienced and knew they had a job ahead of them. They came together as a team and worked on developing their skills, so next year when the close games occur they will be on the winning side. Jenny Kerr was our leader on the boards with Lisa Field also doing a good job. This team has potential and will develop with work, into a tough contender for the conference.

"Very challenging year!" said Coach Welch. Last year we graduated four of five starters. Andy McKinley (the only returning letter winner) had a broken arm over the summer and got the cast off just before the season started, so his average for the first few matches was quite high. We are looking forward to a better record next year with, as the coach says "Some up and coming young members."

Coach Luttrull says, "I am pleased with the 1986 Cross Country season. We didn't win many meets but everyone ran well and improved with every meet they ran. Our goals for the season were to have fun, run the best we could and set some school records, which was accomplished by two of our team mates, Daric Bass and Jody Schultz. I look forward to working with the Cross Country team next year, where the goals for the team will be the same as this year."

VARSITY BASKETBALL CHEERLEADERS

L to R: Andy McKinley, Kim Hardy, Lisa McGhan, Top: Kara Wagenmaker, Mid: Debbie Supernaw, Brenda Chase, Julie Nielson, Mike Farmer, Front: Amy Willet.

The Varsity 1986-1987 Basketball Cheerleading squad has a lot to be proud of! Their #1 priority was to generate spirit and I think they did a super job! They are a very talented squad, who work well together and learned to compromise working very hard to plan assemblies and practicing for various competitions. They are the best cheerleading squad in our area! The Varsity squad competed at regional state competition at Rockford High School on Feb. 14. They qualified for finals held at Central Michigan University on Feb. 21 in which they completed against the top 29 teams class B in the state. They competed on television on the Special Olympics telethon Feb. 28. They competed against 7 other squads. The winner was decided by the most pledges called in their name. Orchard View took top honors! — Coach Sheryl Swanson

L to R: Tammy Fox, Holly Ohst, Laura Scott, Lisa Stratil, Kim Crosby, Karen Wahl, Top: Chris Drzewicki.

JV CHEERLEADERS

The best Junior Varsity squad I've had the pleasure of working with! They worked very hard as a team, one group, learning to compromise. They have a lot to be proud off. They attended a basketball cheerleading clinic at Ferns State College between football and basketball seasons, in which they learned great cheers and chants to generate spirit. It showed! — Coach Sheryl Swainston

Coach Lapomarda said "This team was very enjoyable to work with in many ways. Our record was not spectacular but we were competitive. One flaw was our inability to make free throws. These players will contribute well in the next few years for Orchard View basketball.

The 1986-1987 Cardinal Wrestling team finished 4-2 for the conference. We placed 3rd at the conference tournament. The highlights of the season were Jimmie White winning the state title for the second consecutive year. Jimmie also qualified to represent Michigan this summer on a Good Will tour to Russia.

Kevin Gue and Dave Nichols qualified for state this year. Kevin defeated his long time foe, Kurt Sapp from Reeths Puffer to qualify for state. The freshman squad really performed well. Things are looking up for the Cards of 1987-88.

We tried hard to make this the best yearbook ever! We looked through book after book from both the past and other schools. We used some of the ideas we liked along with some of our own. We also looked at what we didn't like and tried not to do that. We tried to get more snap shots of everyone not just the same people over and over. I hope we did a good job and that this book will provide you with many memories in the future years.

THANKS!! to everyone on the staff for all their help and extra hours. I know some of us put more hours after school into the yearbook than we ever thought about putting into our homework. It was alot of work but I think it all paid off.

I'd like to tell the classes of '88, '89 & '90, make the very best of your High School years, do as much as you possibly can and Have Fun! To the class of 1987, Best Wishes! and Good Luck! I hope all your plans for the future go well!!!!

Take Care —

We started out in October, with about 30 kids selling sub-sandwiches and attending meetings. By the time Christmas rolled around we were down to about 20 kids selling *more* sub-sandwiches and attending *more* meetings.

It was hard work earning the \$780 per person to go to Washington D.C. We had sale after sale and went to businesses collecting donations.

When the time finally came to go, we all packed up after the prom, and headed out at 4:00 a.m.

The week in Washington turned out to be an experience of a life time. We met Congressman and other top officials, burns, protestors, and homeless. We stayed with kids from Puerto Rico, and South Dakota. Talk about a cultural exchange! We went to meetings, had different workshops each day, and really got involved with our government.

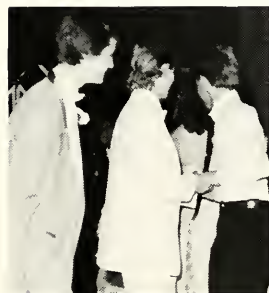

I don't think anyone can say that they didn't learn something on the trip. I really enjoyed myself and got involved.

Thank you to Mr. Nolan, our advisor, and everyone who made our trip successful.

STUDENT OF

SEPTEMBER
Dave Lewis & Theresa Anderson

It is a great honor to be chosen as Student of the Month. Each student chosen was picked by a select committee of faculty and staff. A student is chosen on the basis of academics, involvement in both activities and sports, along with citizenship.

The Student of the Year is chosen on the same criteria as that of the Student of the Month. The big difference is that Student of the Year is based on the entire year and not just one month.
